

# Veterinary ophthalmologist at AniCura Aarhus Dyrehospital

Synopsis:

**AniCura Aarhus Dyrehospital requires an additional ophthalmologist to join our multi-disciplinary, companion animal specialist practice. The successful applicant will join our existing team of ophthalmologist, oncologist, surgeons, internal medicine and dermatologist. The ophthalmology practice is a busy part of our business and we offer a wide range of services including ERG, U/S, diode laser, phaco as well as in-house CT and access to MRI. The number of monthly ophthalmology patients is 120-150 consults/examinations and 30-40 surgeries.**

Candidates should be agreeable and enthusiastic with good communication skills and willing to take part in a strong team and work in a family-like atmosphere. We expect the applicant to take part in the further development and strengthening of our unique leading position in ophthalmology in Denmark. Furthermore we encourage an applicant who will take part in the further development of ophthalmology within the AniCura Group; this may include education of veterinarians and implementation of "best practice" in different clinics throughout Europe.

The candidate should be an ECVO or ACVO Diplomate or have equivalent documented qualifications. Working hours, full-time, are 37 h/week, but part time employment is a possibility. Knowledge of the Danish language is not required; however, we expect a willingness to acquire basic skills in the language.

AniCura Aarhus Dyrehospital is one of Denmark's most successful veterinary referral hospitals and we continuously aim to improve our superior service offering to our clients and referring colleagues while running a successful business. You will be part of a team of 10 veterinarians and 12 veterinary technicians and -students. Please visit <http://www.anicura.dk/aarhus-dyrehospital/> to learn more.

Aarhus is the second largest city in Denmark with approximately 300.000 inhabitants. In 2016 Lonely Planet voted Aarhus the second hottest destination in Europe because of its strong art/cultural life, charming city center and laid-back city atmosphere. It is located on the East coast of Jutland at the beautiful seaside of Aarhus Bay and Kattegat. We have universities, nearby airports, and the region is growing rapidly. This offers an opportunity to settle and having a satisfying professional career with sustainable work-life balance.

*The name AniCura is a combination of the Latin word "anima" meaning soul and life, and "curare" meaning cure and care for.*

*AniCura is a family of well-known animal hospitals and clinics specialised in veterinary care for companion animals. Born out of the idea that sharing resources creates opportunities for better veterinary care, the company was established in 2011 as the first merger of companion animal hospitals in the Nordic region. Today, AniCura is a role model within specialised veterinary care and a valued partner for pet owners and referring veterinarians across Europe. The company offers a wide range of high quality medical services covering preventive and basic health care as well as advanced diagnostics, internal medicine, intensive care, surgery and orthopaedics. AniCura also provides rehabilitation, physiotherapy and dietary advice and offers selected pet food and care products.*

*AniCura provides modern, high-quality veterinary care for pets at 130 European locations and creates peace of mind for pet owners through excellent access and patient safety. Every year, AniCura's 2 500 passionate veterinary professionals attend to more than one million companion animal patients. AniCura is a trusted training and referral body. For information on how AniCura is working to shape the future of veterinary care, please visit our website [www.anicuragroup.com](http://www.anicuragroup.com)*

Applications supported by a current CV and letter of intent should be sent to Claus Bundgaard Nielsen, SpecVetOphth, CEO at [claus.bundgaard@anicura.dk](mailto:claus.bundgaard@anicura.dk)
