

## Ophthalmologist Vacancy-- Sydney Australia

The Veterinary Specialist Centre, the primary multi disciplinary specialist referral and emergency centre in Sydney, Australia is undergoing an exciting expansion of our facilities and staff.

Hence we require one or preferably two ophthalmology specialists. This is an exciting position for a veterinary ophthalmologist to join a specialty team practicing state of the art medicine and surgery.

The VSC offers a great professional team environment, with excellent support staff, up to date equipment and an established ophthalmology referral base to develop and grow. We have a fully equipped, dedicated ophthalmology surgery at the ready.

Sydney, Australia has recently been voted one of the top five cities in the world to live. The VSC is a 20 minute drive from the city CBD and Harbour, 30minutes to the famous Sydney beaches and an hour from National Parks and Mountains. Sydney has a great outdoor environment and endless opportunity to enjoy recreation, sport, food, wine and the finer things in life.

The VSC functions as a daytime specialty referral hospital with a 24hour critical care unit to monitor inpatient care and after hours emergencies. Our current staff includes three small animal internal medicine specialists, a medicine registrar and intern, three surgical specialists, two surgical interns and an oncologist.

Our expansion plans include enhancement of our specialist staff with complementary professionals, such as yourself, and a strengthening of our diagnostic capabilities by augmentation with CT scanner and a third surgery suite improving our current facilities of complete in-house laboratory, digital radiography, video endoscopy, arthroscopy, ultrasound, color flow doppler, ventilators and electrocardiography.

Salary is negotiable and will be attractive as is vacation time and continuing education allowance as well as housing contribution. Future equity acquisition is encouraged.
