

L'Université de Montréal et de votre carrière.

Université de Montréal has more than 10,000 employees and is one of Canada's Top 100 Employers.

UdeM has Canada's 2nd largest student body and ranks among the top five Canadian universities in research, receiving more than half a billion dollars in research funding every year.

Through the achievements of the members of its community, UdeM participates in building today's and tomorrow's world.

Assistant Professor in Veterinary Ophthalmology

Département de sciences cliniques, Faculté de médecine vétérinaire

The *Faculté de médecine vétérinaire* (FMV) of the *Université de Montréal* is currently seeking qualified candidates for an Assistant Professor position in Veterinary Ophthalmology. The FMV is located in [Saint-Hyacinthe](#), the agricultural capital of Quebec with 57 000 inhabitants. The FMV is located 60 km (37 miles) from [Montreal](#), a vibrant city with an international airport and excellent flight connections to Europe and the USA. The FMV is also within easy reach of the beautiful, historic [Quebec City](#) and [Ottawa](#), the capital of Canada. The FMV is located off campus, but maintains strong collaborative ties to other faculties at the *Université de Montréal* and other universities within the province. A structured mentorship program is available for newly hired professors.

The successful candidate will join a dynamic team dedicated to the needs of our state-of-the-art teaching hospital and currently composed of 1 clinician, 1 technician, 1 resident and interns. The caseload of the ophthalmology department is mainly made up of cases involving small animal pets and horses. In addition, ophthalmology consultations with exotic animals, birds of prey, zoo animals or farm animals are regularly requested. The professional team has access to an arsenal of state-of-the-art equipment, two examination rooms and a dedicated surgical suite. Related specialist services, including anesthesia and radiology, enable the wide range of ophthalmology services offered. In addition, monthly rounds in ocular histopathology complete the training component in the various study cycles.

As a professor, you will have the opportunity to contribute to the excellence of the *Faculté de médecine vétérinaire*:

Through your teaching and your research activities, enhancing the reputation of your discipline and playing an active role in the overall operations of a renowned institution. As such, you will:

- » Participate in didactic teaching of Ophthalmology to undergraduate and graduate students;
- » Participate in clinical teaching within the Ophthalmology Service to DVM students and graduate students (including interns and residents);
- » Develop research activities in Ophthalmology. It will be possible for the new professor to benefit from several opportunities for collaboration.

Additionally:

- » Contribute to the after hours, holiday and weekend emergency duties according to the conditions established by the *Centre Hospitalier Universitaire Vétérinaire* (CHUV).

To succeed in this role, you must have the following qualifications:

- » Doctor of Veterinary Medicine (DVM) or equivalent degree;
- » Have successfully completed a residency in Veterinary Ophthalmology and be a diplomate of the American College of Ophthalmologists (ACVO);
Candidates diplomate from the European College of Veterinary Ophthalmologists (ECVO) and applications from board-eligible individuals will be considered but preference will be given to ACVO diplomats;
- » Strong interest in teaching, clinical service and research;
- » M.Sc. or equivalent research experience; Ph.D. will be considered an asset;
- » Hold or be eligible to obtain a license to practice veterinary medicine in the province of Quebec (Canada) issued by the [Ordre des médecins vétérinaires du Québec](#);
- » Adequate knowledge of the French written and spoken language **or** a strong commitment to mastering the proficiency level required, in accordance with [Université de Montréal's Language Policy](#). An institutional learning support program is offered to all professors wishing to learn French or improve their communication skills.

How to submit your application

All candidates are asked to submit a letter of intent detailing their research interests and career objectives, as well as their curriculum vitae, a copy of their diplomas, and the full name and contact information (phone numbers, email, postal address) of 3 referees. Applications should be sent to:

Dr. André Desrochers

Chair, Department of Clinical Sciences

Faculté de médecine vétérinaire, Université de Montréal

3200, rue Sicotte, St-Hyacinthe (QC) J2S 2M2

Université de Montréal is strongly committed to fostering diversity and inclusion. Through its *Equal Access Employment Program*, UdeM invites applications from women, Aboriginal people, visible and ethnic minorities, as well as persons with disabilities. We will – confidentially – adapt our recruitment mechanisms to the specific needs of people with disabilities who request it. We also welcome applications from candidates of all orientations and sexual identities. All qualified applicants are encouraged to apply; however, in accordance with Canadian immigration requirements, priority will be given to Canadians and permanent residents.

Université de Montréal's application process allows all members of the Professor's Assembly to review the application files submitted. If you wish to keep your application confidential until the shortlist is established, please mention it in your application.
