

Internship in Clinical Ophthalmology

1 Year Fixed Term Contract Salary - £19,037.20 pa

A 12 month training post is available within our Comparative Ophthalmology Unit for an enthusiastic candidate wishing to develop their skills in all aspects of clinical ophthalmology with the view to potentially pursuing further specialist qualifications within this field.

We have a substantial caseload and the position offers an excellent environment for advanced training. We would welcome applications from veterinary surgeons with some experience and expertise in this area although this is not essential.

The Animal Health Trust is a leading animal charity with the purpose of promoting animal welfare through veterinary research, post-graduate education and world class clinical services. Located at a beautiful location just 4 miles from Newmarket, its state of the art referral clinics offer a challenging and rewarding environment in which to work.

The small animal clinic is dedicated to providing the highest standards of patient care, and has an active programme of clinical research and post-graduate training (internships and residencies). As well as ophthalmology we also have specialist teams in anaesthesia, dermatology, diagnostic imaging, internal medicine, neurology, oncology, orthopaedic and soft tissue surgery.

For informal enquiries, please contact Lorraine Fleming, Head of Ophthalmology, Lorraine.Fleming@aht.org.uk or call 01638 552700.

If you are interested in applying for this position, please forward your CV and covering letter to recruitment@aht.org.uk .

Closing date: 19th October 2018

Interviews to be held: 30th October
