**CITYU VETERINARY MEDICAL CENTRE IS
SEEKING A SMALL ANIMAL OPHTHALMOLOGIST
(BOARD CERTIFIED OR RESIDENCY TRAINED)**

CityU Veterinary Medical Centre (CVMC) in Hong Kong has an opportunity for a Board Certified Veterinarian –Ophthalmologist or an individual residency-trained in Ophthalmology to join our specialty centre in Hong Kong. If you are just starting your career, or you are an experienced veterinarian looking for a change, this is a unique opportunity to be at the forefront of veterinary clinical service and education in one of the most vibrant cities in the world.

CVMC, owned by City University Hong Kong, manages the most extensive small animal clientele in Hong Kong. We have recently opened the largest SA clinic in Hong Kong with over 33,000 sq ft and includes 22 consultation rooms, 7 surgical theatre suites with a dedicated induction and recovery area, full on-site STAT diagnostic laboratory, pharmacy and dedicated client areas for emergency and regular appointments. Our medical imaging and diagnostic capabilities include a 1.5 Tesla MRI, 64 slice CT, digital radiography, ultrasound, color doppler echocardiography, Infiniti vision system 3, intra-operative fluoroscopy and endoscopy. The new 24 HR dedicated emergency service and ICU is managed by a Board Certified Emergency and Critical Care Specialist and the centre has the only two Board Certified Veterinarians in Anesthesia and Analgesia in Hong Kong. The newly established CityU Veterinary Diagnostic Laboratory at City University Hong Kong complements the clinical needs for timely advance diagnostic services.

Services and specialties include: 24/7 Emergency & Critical Care, Internal Medicine, Neurology, Dermatology, Cardiology, Surgery, Ophthalmology, Anesthesiology, and Primary Care.

CVMC will be an integral component for the clinical instruction of the Jockey Club College of Veterinary Medicine and Life Sciences at City University Hong Kong and will include the Ophthalmology service. We provide advanced, comprehensive, compassionate care and dedicated to being a model for veterinary clinical education.

Exceptional remuneration package with a complete set of benefits comparable to the very best compensation packages of private practice. You will not be on call or have call duty.
